## The Right Rev. L. R. Sherman Bishop of Calgary, Will Visit Coleman First Week in June

The parishes of St. Alban's, Coleman, and St. Luke's, Blairmore, are looking forward with pleasure to the visit of the new Bishop which will take place on Whit Sunday, June 5th. His Lordship will celebrate Holy Communion at Blairmore at 9.45 a.m. and hold Confirmation service at Coleman at 11 a.m., and at Blairmore at 7 p.m. There will be a reception held for him in the Parish Hall, Coleman, on Monday evening, June 6th.

As this is the first visit of Bishop Sherman to Coleman it is hoped that all members will make a special effort to be present at all services on the dates mentioned. Already the Bishop has made quite a name for himself in the Diocese of Calgary, not only in his official capacity, but in a civic one as well.

The Right Rev. Louis Ralph Sherman, B. Litt., D.D., was born in the province of New Brunswick and was a Rhodes Scholar of that province. Part of his education took place at Lenoirville, Quebec. He then went as a Rhodes Scholar to Oxford and finished up at Cuddesden Theological college. He was ordained a deacon in 1912 and a priest in 1913 in London, England. In this city he worked for several years amongst the poor. Later he returned to his native land and was for a short time rector of St. Johns, New Brunswick. From there he went as first rector of Holy Trinity, Toronto, and later to Holy Trinity Cathedral, Quebec, as dean and rector. He was elected on the first ballot as Bishop of the diocese of Calgary on the 5th of October, 1926 and was consecrated as the second Bishop of Calgary on the 24th of February, 1927.

## W.I. Meets Tuesday Next ---Baby Clinic Results.

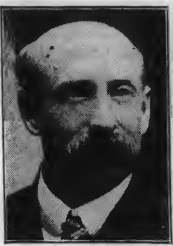

The regular meeting of the W. I. will be held at the home of Mrs. A. McLeod on May 24th. The ladies would be pleased if those who are taking the Baby Clinic Course would kindly bring their handwork for display that evening. Roll call will be answered with "Prominent Canadians and what they are doing."

The Baby Clinic held on May 13th at the home of Mrs. J. A. Price, prove an unqualified success. Miss B. A. Emmerson, graduate nurse from the Dept. of Public Health, Edmonton, conducted the examination of forty-four babies. Prizes were awarded to Russell, infant son of Mr. and Mrs. R. G. Powell, and to Ruth, daughter of Mr. and Mrs. T. Jackson.

## A Splendid Show

The Variety Show given by Miss Enid Cole, of Bellevue, and her troupe of 30 juvenile entertainers, assisted by the Serenaders Orchestra in the Opera House last night, proved to be one of the best entertainments ever shown in Coleman. Every one of the twenty odd numbers given by these young artists was faultlessly rendered and the entire show sparkled with talent of a very high order. There was not a dull moment from the first item until the curtain dropped on the final act, and it is safe to say that everyone in the audience left the building wanting more.

Mr. Tom Parry has taken a position with the Coleman Garage Limited during the University vacation.

DR. SEAGER WHEELER  
Noted authority on wheat, who stated in a recent interview, that notwithstanding the recent storms and late spring, conditions were ideal for a good crop this year. He also stated that the hail belt in Saskatchewan is gradually moving north, and in time hail in this section will be almost unknown.

## Confederation History Papers at June Exams. Alta. Schools

Examinations in Canadian History upon which the gold, silver, and bronze medals offered by the national confederation committee will be awarded, are to be held in Alberta schools in connection with the regular entrance examinations.

In the lower grades they will take the form of supplementary papers which will be based upon the text books in history and civics regularly in use in the schools, and they are to be written as part of the school work. The history text book of grade 11 will be the basis for the papers in the higher grades.

## Schools Should Get Ready for June Exams.

One year of some students lives may easily be wasted through carelessness in the next few weeks.

This does not mean that any student should be forced to excessively long hours of study, but it does mean that regular and earnest work is essential.

Any "cramming" that has to be done should not be done immediately before a test. A sleepy, tired boy or girl cannot confidently approach an examination, and it was never intended that anyone should sacrifice health and physical fitness for intellectual attainment.

Some students are practically sure of success but others may fail by a few points owing to carelessness during the last six weeks of the school term.

## Scout Whist Drive

The whist drive held in St. Alban's Hall on Tuesday evening under the auspices of the local Boy Scout Association, was a decided success, close to \$50 being realized. The prize winners were as follows: Ladies 1st, Mrs. S. Howarth; 2nd Mrs. W. Bell; consolation Mrs. V. Cousins. Gentlemen 1st, Mr. W. Cousins; 2nd Mr. M. Cousins; consolation Mr. J. Panek.

The committee wish to thank all those who donated prizes and also those who donated money. The catering was capably handled by Mesdames Cornett, Hadfield, Rushon and Brown.

Full sheet Posters will shortly be issued from The Journal job department, announcing the big two days Diamond Jubilee Celebration at Coleman on July 1st and 2nd.

The Salvation Army Home League will hold their Home League and Pantry Sale on June 11th. Tea will be served. Further announcements later.

## Additions Made to Jubilee Sports Programme.

Plans for Coleman's mammoth Diamond Jubilee celebration on Friday and Saturday, July 1st and 2nd, are gradually widening in scope as the date of the big affair draws nearer. The Journal in its issue of April 14th, published a lengthy itemized programme which the committee in charge had at that time drawn up for the entertainment of several thousand pleasure-seeking children and adults in Coleman on these two days. However, at a recent meeting of the Jubilee Committee it was decided to augment this already splendid list of events by adding the following:

Best Floats in parade, 1st \$40; 2nd, \$20.

Best Individual Costume in parade, 1st \$15; 2nd, \$7.50.

Kite Flying Competition for boys 1st, \$3; 2nd, \$2; 3rd, \$1.

The committee hopes to interest all mercantile houses, industrial concerns, fraternal societies, and car owners to take part in the parade on Saturday morning at 9.45. They realize it costs money and takes time to build a prize winning float, so they are offering good substantial prizes for this event. Car owners and others can make the parade on the second day one of the best features of the entire celebration if they will take sufficient interest to enter a float, decorate their cars and get in line with the same enthusiasm as the kiddies will exhibit in their parade on Friday morning. The prizes being offered for the best costume worn in the parade should also provide keen competition and help to make Saturday morning's parade a gala affair.

Highland and folk dancing and various other events of a like nature are to be staged in the big arena during the evenings. These events will be open to all competitors—no age limit or residence qualification.

Come On Out!

An executive meeting of the above association was held in St. Alban's Parish Hall on Tuesday evening with E. F. Gare in the chair. The minutes of the two previous meetings were read and approved.

A letter of thanks was directed to be sent to Mr. Geo. Snood, thanking him for his presentation of a football to the Scouts.

Mr. S. Howarth intimated that Mr. W. Antobius would donate a Union Jack to the boys. Mr. Howarth also handed in donations to the whist drive amounting to \$14.50 which he had collected from sundry friends of the Boy Scouts.

Mrs. A. McLeod, through Mr. Gare, asked if the Boy Scouts would assist locally in the forthcoming membership drive for funds for the Red Cross. The executive expressed themselves as being heartily in favor with the idea, and the Secretary was instructed to take the matter up with the Scoutmasters.

The Secretary was authorized to order a flag and other supplies for the use of the Wolf Cubs.

This being all the business the meeting adjourned to meet again on Monday, May 23rd at 8 p.m. in St. Alban's Hall.

## Rev. Father McCormick's Brother Passes Away at Alexandria, Ont.

The many friends of the Rev. Father McCormick in Coleman, and The Pass in general, will regret to learn of the death of his brother, which took place at his home in Alexandria, Ontario, on Friday, May 6th.

The funeral, which owing to the high esteem in which the deceased and family was held, was largely attended, and took place from the beautiful St. Finnan's Cathedral, Alexandria, on Monday morning, May 9th, with a solemn requiem high mass sung by a special male choir of many voices. In the sanctuary were seated many of the diocesan clergy and other friends of Rev. Father McCormick.

Rev. Father Cosman, who is taking Rev. Father McCormick's place in Coleman, held a requiem funeral mass in the Holy Ghost Church on Monday last. Many friends in Coleman and district sent mass cards.

Father McCormick reached home on Sunday morning, and was with his brother until the end came on Friday evening.

## Liberal Government in Quebec Gets Big Majority

Montreal, May 17.—With one more divisional election to be held in Gaspé county which was deferred until next Monday owing to its geographical position, the standing of the parties as the result of yesterday's provincial elections is as follows:—Liberals 72, Conservatives 10, Independent Liberals 2.

## New Men's Wear Store

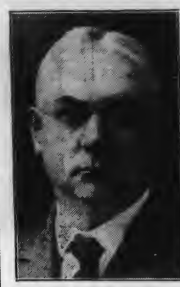

As will be noticed from our advertising columns, a new men's wear store is opening for business in the I. O. O. F. building, Main street, on Saturday of this week.

The proprietor is Mr. Geo. R. Neil, who has had many years experience in the store business in the East, and although he will not be actively engaged in the business it will receive the benefit of his supervision. Mr. Neil has placed Mr. R. Young in charge and his past experience and general knowledge of local requirements in the trade, will assure patrons of this new store up-to-the-minute service in everything for men.

## Have You Seen This?

During the past week it was noticeable the number of bills and little advertising pamphlets that littered the street in front of the post office as well as the lobby of the post office. The bills had been sent out as advertisements, and one placed in every box. If you watch those who received them you saw some open the bills, glance it over, then crumple it up and throw it away. Others did not even take the trouble to open up the bills. Did you ever see anyone use their local newspaper in that way? No. If they opened it there were several looking over their shoulder to see what was in the paper. And yet there are some otherwise intelligent merchants who imagine they get better results out of the bills they issue to litter up the streets than they do out of their newspaper advertising. They really ought to know better.

Mr. A. F. Short purchased a 1927 model Pontiac Landau from the Coleman Garage Limited last week.

JAMES FRIEL, K.C.  
of Moncton, N.B., who, as Royal Commissioner appointed to investigate Canadian claims for war indemnity against Germany, is preparing a report whereby Germany will be asked to pay approximately nine million dollars to Canadian claimants.

## Fire Destroys Residence W. Coleman Last Night

Fire broke out in the residence occupied by Mr. and Mrs. Neil MacKinnon, West Coleman, about midnight Wednesday, and owing to the length of time elapsing before the alarm was sounded at the fire hall, the blaze had reached such proportions when the fire truck and firemen reached the scene, that the building and contents were almost a total loss. We understand the loss is partially covered by insurance.

The delay in getting the alarm in to the fire hall in this instance, aptly illustrates the urgent need for an electric fire alarm system and siren installation for at least the outlying portions of the town, as the present old hand bell has long outlived its usefulness.

The political parties in British Columbia are busy just now repairing political fences in preparation for a provincial election that may take place this year, although the present administration has still another year to run.

Mr. J. S. D'Appollonia is in Lethbridge this week attending the annual convention of the Independent Order of Fior d'Italia.

The Calgary Power company is now dealing with Macleod on a proposal to buy the town power house and extend the company's high power line to the town.

## Annual Meeting of Boy Scouts Held at Ottawa

There are approximately 45,000 Boy Scouts and Cubs in Canada with 3,400 Scout and Cub leaders says the annual report of the executive committee to the Canadian general council for the Boy Scouts Association, which met last week at Ottawa.

Viscount Willingdon, chief scout for Canada presided, assisted by Dr. J. W. Robertson, chief commissioner.

The meeting was representative of all the provinces.

"Since scouting began in Canada in 1908," states the report, "great many boys of the Dominion have received scout training."

"These boys and these men," the report continues, "have all been trained to a greater or lesser extent in the principles of discipline, loyalty and good citizenship. We are proud of what the scout movement in Canada has accomplished."

Mr. Frank Scull, of Creston, is a visitor in town this week.

## Local and General Briefs.

Mr. Noah Davies suffered a fracture to his right leg when a fall of coal caught him in his working place in the South mine at the International on Monday morning of this week. He was taken to the local hospital and is reported as doing nicely.

Don't fail to see John Barrymore in "The Beloved Rogue" at the Palace and Grand theatres on Saturday night of this week. It is a worth while picture.

Cranbrook is considering putting down a 24 foot strip of cement roadway on two blocks of their main thoroughfare and leaving two strips eleven feet wide on each side of the cement roadway, for parking cars, etc. The cost is estimated at \$4,000 a block.

The Coleman Rod and Gun Club are holding a "Smoker" in the I. O. O. F. hall on Friday evening of this week, commencing at 8 p.m. Prizes will be presented to the winners of last year's competitions and election of officers for the 1927-28 season will take place previous to commencing the smoker.

A Pantry Sale and Tea will be held in the I. O. O. F. hall on Saturday, May 28th, from 3 to 6 p.m. Whist drive in the evening, commencing at 8 o'clock. Dancing at 10 p.m. Everybody welcome.

Mrs. N. Cameron and children left Sunday night for St. Paul de Metis, where they will join Mr. Cameron and take up residence on their farm.

Cranbrook, Fernie and Drumheller are spending \$500 for a fireworks display on the evening of July 1st. The Coleman Diamond Jubilee Committee, if they have overlooked this feature, have still time to include a similar display in their program.

Mr. George Short, of the McGillivray office staff, left last Friday to spend his vacation at the Coast.

Contractor J. S. D'Appollonia expects to complete the large addition to the Coleman Garage this week-end. When this is done this garage will be one of the most commodious and best equipped service garages in the Pass.

The Provincial Dept. of Public Works have a grader at work on the main highway between Blairmore and Coleman this week, putting this much travelled thoroughfare in condition after the hard usage it has received during the past winter.

Howard S. Amos, of Portland, Ore., and H. A. Radford, of Portland, United States, interested in search of suitable pulp mill locations, have been spying out the land near Kootenay Lake, and have spent a considerable time in Nelson, which, it appears, is a district they favor. It is confidently stated that if this site is chosen there will be an expenditure of about \$3,000,000 on a mill and another \$1,000,000 for logging operations.—Cranbrook Herald.

Mrs. A. Williams, of Banff, arrived in Coleman last week and will spend the summer with her daughter and son-in-law, Mr. and Mrs. C. Shaw, Fourth street.

Mr. J. S. Woodworth, M.P., for North-western Winnipeg, will speak tonight (Thursday) in the Grand Theatre, Coleman. Mr. Woodworth is a fluent speaker and a well known labor leader; and his address should prove interesting to Coleman people.

Over 30 years the same good tea.  
Now packed in Aluminum.

# RED ROSE TEA "is good tea"

RED ROSE ORANGE PEKOE is extra good.

## Western Canada Points the Way

One of the most notable gatherings of the year, and one in which all the people of Western Canada were particularly and directly interested was the international co-operative wheat pool conference held at Kansas City, and at which representatives were present from the United States, Australia, Germany, Russia, as well as from the three great wheat producing provinces of Canada.

Western Canada was easily the outstanding and dominant factor at the conference. And rightly so because in three short years the farmers of the Prairie Provinces have organized and developed the greatest grain handling co-operation in the known world. Their success has been phenomenal, eclipsing anything of like character ever attempted in connection with any commodity. They can speak from actual experience in definite achievement.

It is not surprising, therefore, that at the Kansas City conference the reports presented on behalf of the Alberta, Saskatchewan and Manitoba Pools, and their common central selling agency, were received with great enthusiasm, and that the views expressed and suggestions advanced by the Canadians commanded respect and gave strength to the deliberations of the conference.

Many of our own people have not yet grasped the full magnitude of the operations of the wheat pool, nor realize just how much has been accomplished in the brief period of approximately 1,000 days. Three years ago there was no Canadian Pool. Today, to quote A. J. McPail, president of the Saskatchewan pool and of the Central Selling Pool, there is a membership of 123,000 in the three provinces. In 1924-25 the Canadian pool handled 137,000,000 bushels of wheat belonging to its member farmers, and 27,000,000 bushels of coarse grains. The pool has representatives in all wheat importing countries and ships direct to sixty European ports. It owns and controls approximately 65 country elevators in the three provinces with a combined storage capacity of approximately 22,000,000 bushels. At the head of the lake the pool has six terminal elevators with a storage capacity around 15,000,000 bushels and also a 2,600,000 transfer barge at Buffalo. The pool is also operating terminal elevators at Prince Rupert and Vancouver, while plans are under way for large extensions to the country elevator systems in all the provinces. Since the pool began to operate it has paid its farmer members around half a billion dollars.

These are truly remarkable achievements, but they do not tell the whole story. The pool has practically revolutionized the financing methods of our Western farmer. Instead of the farmer getting all his money in one bulk sum every Fall, at which time every creditor made immediate demand upon him, with the result that he was practically forced to sell his wheat at the then prevailing price, and by following the same course gutting the market, he now receives a first payment and several successive payments spread over the year. The result is not only orderly marketing of the wheat but orderly financing on the part of the farmer. He is to an ever increasing extent conducting his business on cash rather than a credit basis. The system has been of wonderful assistance to the weaker, less business like farmers.

Equally important has been the effect the pool has had in restoring confidence to the farmer and to business interests generally throughout the west. It has given the farmers a feeling of independence and security hitherto lacking. It has emphasized the value of co-operation, and the strength that is to be found in organized co-operative effort as contrasted with each man striving to work out his own problems and his own economic salvation.

The farmers of Western Canada have demonstrated the wisdom of having one great selling agency and to business interests generally throughout the west. It has given the farmers a feeling of independence and security hitherto lacking. It has emphasized the value of co-operation, and the strength that is to be found in organized co-operative effort as contrasted with each man striving to work out his own problems and his own economic salvation.

### Re-open Milk Plant

One of the largest manufacturers of milk products has recently reopened their condensing plant at South Sumas, B.C. The whole milk supply will be obtained from the Fraser Valley, which will amount to about 60,000 lbs. per day. About 25 men and women will be employed in the plant, and the payroll will amount to about \$2,500 per month.

### New Depot for Edmonton

The Canadian National Railway will build a new depot at Edmonton, Alberta, this year. The estimated cost is \$750,000. Tenders for the erection of the building have been received and the contract will be awarded as soon as they have been considered.

### World's Shortest Railroad

The shortest railroad in the world now belongs to the city of Union, Ore., having been bought for delinquent taxes at a sheriff's sale. The line is ten miles long and carrying stock includes one locomotive, one passenger and three freight cars. It sold for \$1,100.

## Children Cry for

**MOTHER—** Fletcher's Castoria is especially prepared to relieve Infants in arms and Children all ages of Constipation, Flatulency, Wind Colic and Diarrhea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving natural sleep.

To avoid imitations, always look for the signature of **Dr. J. C. Williams**. Absolutely Harmless—No Opium. Physicians everywhere recommend it.

### Huge Dairy Farm

Largest Herd of Dairy Cattle in North America to be Established Near Winnipeg  
There is now a herd of one thousand and head of Holstein dairy cattle on the Manitoba dairy farms at Marchand, on the Canadian National Railway southeast of Winnipeg. It is the intention of the company which is colonizing a 50,000 acre tract of land with dairy farmers to increase this herd to 5,000 head, which will make it the largest herd of dairy animals under one ownership in North America.

### Joint Stiffness Goes, Swellings Disappear, Pain Is Subdued

No Liniment Gives Such Universal Satisfaction As

## NERVILINE

It is the great penetrating power of Nerviline that makes it so efficient in overcoming the stiffness and inflammation. It rubs into the very core of the pain, penetrates quickly through the tissues, and brings a warm, comforting relief at once. No liniment compares in pain relieving power with Nerviline. For the minor pains and ills that arise in every family, Nerviline should always be kept handy on the shelf. Use it for Rheumatism, Lumbago, Neuralgia, and cures 35 cents at all dealers.

### For Improved Highways

Huge Sums Spent Last Year for This Purpose

During the year 1926 a total of \$4,552,000 was spent on construction and maintenance of all provincial highways in Canada, according to compilation made by A. W. Campbell, Dominion Highway Commissioner. Of this total \$2,858,000 was spent on construction and \$1,694,000 on maintenance of highways already constructed. The total mileage of roads involved in this aggregate expenditure was 46,521.

## THIS GREAT TONIC RENEWS STRENGTH

Simply Because it Enriches and Builds Up the Blood

In no trouble is delay or neglect more dangerous than in anemia, which means poverty of the blood. It is very common in young girls and in persons who are overworked and are forced within doors. It makes its approach in so stealthy a manner, that it is often well disguised before its presence is recognized. But taken in time there is a tonic that so enriches and purifies the blood that good health and strength soon come to the former weak, anemic sufferer. This tonic is Dr. Williams' Pink Pills, which for years have been the most successful blood-builder known, and have credit for restoring to good health thousands and thousands of people who have been brought down by the many ailments that come through weak, watery blood.

The correction of anemic conditions by Dr. Williams' Pink Pills is as certain as anything can be. As proof of this Miss Margaret A. Smith, Barre, Vt., Ont., says: "After having a severe attack of jaundice I was laid in a very weak and run-down condition. I was pale and my nerves on edge. I could not sleep at night and would lose and turn for hours at a time. I finally decided to try Dr. Williams' Pink Pills, and soon began to feel better, and after taking a few more boxes of the pills I felt as strong as ever, and could thoroughly enjoy my rest at night. Now, I always recommend these pills to any friends who may be afflicted."

Better sleep, steady nerves, improved appetite, increased vigor—all these can be yours by taking Dr. Williams' Pink Pills. Bewn today. Sold by all medicine dealers, or by mail post paid at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

### Australia's New Fruit

Australia is producing a new fruit called the currant apple for export in salads. Although it has the appearance of an apple, the flavor is said to be distinctly that of a currant.

### For all pains—Minard's Liniment.

Whale Interrupted Cable  
A whale which interrupted traffic on the Alaska cable early in the year, chewed up so much of the cable that an \$8-foot replacement was necessary to restore communication.

An Indiana town has abandoned its fire department composed entirely of women. They insist on silk hose.

If you have an aim in life you can't afford to waste any time in hating people.

Minard's Liniment for dandruff.

W. N. U. 3681

### For Friendly Relations

Sir Esme Howard, British Ambassador to U.S., Addresses San Francisco Audience

A plea for continuation of the friendly relations between the United States and England, which have existed for more than 100 years, was made by Sir Esme Howard, British ambassador to the U.S., at a banquet tendered him by the San Francisco Chamber of Commerce.

Referring to the question of the British war debt to the United States, Sir Esme said: "We have not run away from the debt and do not intend to, but if at some later date you come to us and say you think it would be advisable in the general interest to reconsider the question—well, I won't say that we shall refuse."

"Whereas the attack that has been made in certain quarters against the British Government over the question of 'cruisers,' he continued, 'It was agreed at the Washington conference that unless submarines of the same type as the Great Britain must reserve her full freedom of action as to cruiser construction. You have already passed us in destroyers and submarines and no one in England had thought of accusing you of violating the letter or the spirit of the 553 ratio clause of the Washington Treaty.'"

Sir Esme declared Great Britain had only been accused of a sinister device to hold the "poor Chinese in perpetual bondage, thus dividing a wedge between England and this country."

"Our whole aim in the past," he declared, "so far as I can see, has been to obtain the right of trading freely with China."

Anemia Doesn't Wear Off Alone  
Do not let the mistake of waiting for anemia to wear off by itself. While you are waiting the disease is surely working a stronger foothold and you lie in danger of stronger and yet stronger attacks. Dr. J. C. Williams' Pink Pills, taken early, will prevent incipient conditions from becoming chronic and save hours of awful suffering.

### Peking or Pekin

Former Spelling is Closer to Chinese Version Than Latter

A new war has been declared here—but this time it is only an orthographic one. It is between the two spellings "Peking" and "Pekin" when referring to the Chinese capital in American or English periodicals.

"Those interested in the matter went out to foreign correspondents and asked them to indicate whether the regular pronunciation either in China or abroad, save in France, Chinese mean say "day-ching," the two syllables meaning "morning" and "capital" respectively, while the spelling "Peking" is—though unsatisfactory—closer to the Chinese version than is any form in which "P" is omitted. There are several other foreign varieties, but the French is the only one which occurs generally in competition with the favored "Peking" form.

### Clever Blind Student

Completes Four Years Arts Course in Three Years

Gregory Sullivan, blind since birth, has become such a good listener that he soon will have completed a four-year course at the University of Georgia in three years.

His election in Phi Beta Kappa national honorary fraternity, is the latest honor that he has attained. He also won the French medal offered the student making the highest average in that language.

Sullivan, who is 22 years old, has a general average above 90 and will be graduated in June with a bachelor of arts degree.

Throughout his college career, he has relied mainly on friends to read his text books to him.

Marketing of Manitoba Cattle  
Last year 452,739 head of cattle and 352,229 hogs were marketed through the Winnipeg Public Stock Yards and realized \$22,947,000.

Though the number of animals marketed was less than the 1925 record, the monetary return was \$1,000,000 greater, owing to the better prices that prevailed. Ontario feeders took 15,590 and 41,000 went to United States feed lots and 17,262 went to Manitoba farms. Sheep and lambs to the number of 55,850 were marketed, compared with 56,690 in 1921.

There is no poisonous ingredient in Holloway's Corn Remover, and it can be used without danger or injury.

Menonites Purchase Land  
Menonites have bought 2,500 acres of land in the Vulcan district, paying \$125,000 to the vendors. Messrs. M. & R. Lyman. The Menonites have acquired 12 sections this spring in Southern Alberta.

## Why Bald So Young? Cuticura will help You

To prevent loss of hair. Dandruff, usually the cause of premature baldness, may be easily removed by regular shampooing with Cuticura Soap, preceded by touches of Cuticura Ointment. This treatment keeps the scalp clean and healthy and promotes hair growth.

Sample Box Free by Mail. Address Canadian Depot, "Bathhouse Ltd., Montreal." Price, 50¢ per Ointment 25¢ per Soap. Cuticura Shaving Stick 25¢.

### Made Clocks Reliable

Correct Time Not Recorded Until

Discovery of Balance Wheel  
Before the invention and manufacture of watches and clocks, our forefathers employed several devices for recording the hour of the day.

The sundial is the earliest instrument of its kind, and sundials were used from an early date.

Alfred the Great used marked candles, the burning of which marked the passage of time. The art of clock and watch-making is believed to have originated in Germany.

The early watches were made in various shapes, such as pendants, shells, purses and crosses. Some were set in the heads of canes, some in bracelets and other pieces of jewelry. These instruments had to be wound at least twice daily, and differed from the correct time by about an hour a day.

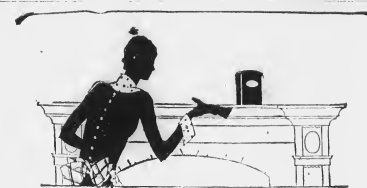

It was not until the discovery of the balance-wheel in 1658, by which the unassuming mechanism itself could run regularly, that they could be relied upon to record the correct time.

### Send Letter by Plane

Greetings to be Sent to Governor-General Willingdon From Pacific Coast to Ottawa

Plans for delivery by aeroplane of a letter from Lieut-Governor Bruce of British Columbia to Governor-General Willingdon in connection with the jubilee celebration this year are being prepared.

The message, according to information obtained at the Pacific coast consular office at Vancouver, will be carried from Victoria to Kamloops on June 1, taken across the Rocky Mountains to Calgary or Edmonton by a machine from the Royal Canadian Air Force station at High River, Alta., and relayed to Ottawa by the first Canadian air mail liners to operate in Western Canada.

## Use DUCO for hundreds of home uses

PAINTING in the home used to be considered a man's job but DUCO has changed that old idea.

Brush DUCO has a particular appeal to women. It is so easy to apply and it dries in less than an hour. Thousands of women are using DUCO who never did any painting before.

When you go to buy DUCO, people may tell you that other products are just as good. Don't be misled. Insist on getting genuine DUCO.

DUCO Clear and four DUCO Stains are now added to the wide range of colors.

## DUCO

There is only ONE DUCO—DUPONT DUCO

July 10—Cranbrook at Kimberley.

July 24—Fernie at Cranbrook.

August 7—Kimberley at Fernie.

Note—Three weeks intermission for tournament preparation for both divisions, between June 19th and July 10th.

Matches are to be played on or before the dates mentioned in the lists. Home team should start negotiations for mutually favorable date.

Eastern and Western division winners will play off. To decide proportional representation and method of play, an executive meeting will be held later.

On Tuesday, May 31st, a vote will be taken in Clarendon on a by-law to sell the town electric power plant to the Calgary Power company, and to enter into a contract for the company to supply the town with electric current for a period of ten years.

Before giving the by-law the first reading the council consulted the ratepayers at a public meeting, and the sentiment was strongly in favor of the franchise.

### Red Cross Campaign For a Million Dollars

The Canadian Red Cross, on Empire Day will enter on a nationwide campaign to raise \$1,000,000 with which to carry on its comprehensive peace time programme in the interests of the returned soldier and the health of the citizen generally, a programme of national welfare on which it has already spent a sum of over \$7,000,000 since the war.

Chief Commissioner J. L. Biggar, of Red Cross Headquarters, states that plans for the campaign are well forward in all provinces so that it is now only a matter of days until the first posters appear in many parts of the Dominion and the first guns are fired.

While the general plans of campaign have been worked out at headquarters, the detailed local arrangements in the nine provinces have been in the hands of the various Presidents and Directors who will carry them onward to the close of the campaign on Dominion Day in the way best suited to their districts. These officials are: In British Columbia, Thos. H. Kirk, President, and George D. Moir, Commissioner; in Alberta, His Honor Dr. E. W. Egbert, President, and Commissioner E. A. Corbett;

in Saskatchewan, George D. Underwood, President, and Commissioner W. F. Marshall; in Manitoba, F. J. L. Harrison, President, and Major J. W. Forbes, D.S.O., Commissioner; in Ontario, Mrs. H. P. Plumptre, President, and Dr. F. W. Routley, Director; in Quebec, F. J. Shaw, President, and Lieut.-Col. J. F. Buckley, D.S.O., Manager; in New Brunswick, President F. T. Short; in Nova Scotia, President W. H. Hayes, and in Prince Edward Island, the Hon. Mr. Justice F. L. Hazard, President.

It is understood that the Society will make its appeal directly on its record of accomplishments in its services for the disabled soldier, its thirty-nine Outpost Hospitals, the Seaport Nurseries in Halifax, Saint John and Quebec, the Junior Red Cross now numbering in Canada 140,000 children engaged in the pursuit of health for themselves and handicapped children; the Disaster Relief activities of recent times, and the Home Nursing Training which has been extended to over 12,000 women and girls in the last three years.

### Here and There

Experiments in the Pacific Coast methods of halibut fishing are now being made by R. B. Cann, of Yarmouth, N.S., with his new halibut fishing boat, "Fannie Powell II," following his extensive studies on the Pacific Coast.

The Canadian Pacific's gross earnings for the first quarter of the year were the largest on record for that quarter, at \$43,236,009, or an increase of \$2,861,051 over the corresponding quarter of last year. Not, however, was a little lower than last year at \$4,462,628, compared with \$6,531,067.

Madame Jane Sion, champion of European women swimmers, arrived in Canada about the middle of May on the Canadian Pacific steamer "Montclair" from Antwerp. She will take part in various swimming marathons in Montreal and other centres in both Canada and the United States, including events at the Toronto Exhibition.

The total catch of sealion on both the Atlantic and Pacific coasts during the month of March showed an increase of nearly 3,000,000 pounds over the catch for the same month last year. The catch amounted to 21,983,800 pounds, valued at \$1,224,796, according to a report of the Department of Marine and Fisheries. The increase was due to the increased catch of herring on the Pacific Coast.

Two thousand poultrymen from the United States will attend the forthcoming World's Poultry Congress, to be held at Ottawa July 27 to August 4. The delegates will be headed by the Hon. W. M. Jardine, Secretary of Agriculture, officially representing the Government. He will be accompanied by assistant secretary R. W. Dunlop. Some 25 States are participating.

That the prospects for British settlers coming to New Brunswick were good; that, in fact, arrangements had already been made for bringing a substantial number of British families to this province, was asserted by J. A. Murray, provincial superintendent of Colonization and Industry, who has returned from England where he was acting in the interests of the Government. He has received many enquiries as to the settlement prospects in New Brunswick.

That Calgary district has again taken its place in the front rank as a producer of horses in the Dominion was pointed out by G. H. Hutton, President of the Calgary Rotary Club, who declared that 17 carloads of horses had been shipped east from Calgary in three weeks, recently. Indicating the growth of the industry in the district he referred to the large number of entries received for this year's Horse Show, totalling more than 800, as compared with 600 last year.

Evidence of the interest in the departure from the Canadian Pacific locomotives known as the G-3 type or "Pacific" engine in its remarkable combination of greatly increased power and efficiency with very slightly increased weight, is furnished by the fact that principals of twenty-five technical schools in the east of Canada and nine in the west have requested photographs of this locomotive with a view of hanging them in their schools for the information of the children.

Gene Tunney, world's champion heavy weight boxer, arrived in Montreal at the Canadian Pacific Windsor Street Station, May 6, and proceeded north to Macana in the Laurentian Mountains. From here he proceeded by motor to Five Fingers Lake, spending several days fishing. Tunney was accompanied on the outing by W. O. McGeehan, sporting editor, New York Herald-Tribune, and W. A. Davenport, of Colliers Weekly. Mr. Tunney declared that he was scheduled to fight the winner of the elimination match this year. He visited Canada in 1920 and 1921, when he went into the lumber camps operated by the Daish organization in order to broaden his hands.

The provincial government has recently announced that they intend to place motor cycle policemen on the Red Trail highway in The Park and on the Banff-Calgary highway this summer, to regulate traffic and put a stop to speeding.

## WORLD HAPPENINGS BRIEFLY TOLD

Establishment of a cremery in Sydney, under the auspices of the Nova Scotia Government, is announced.

Arrangement for the shipment of nearly 10,000 horses from the ranges of Interior British Columbia to Russia this summer have been completed.

Announcement was made by Hon. Charles McCrear, Ontario minister of mines, that nine geological exploration parties would operate in the province during this summer.

Toronto Chinese are raising funds to exhumate the remains of 400 Chinese buried in Ontario with a view to re-burial there.

There is a large and growing interchange of trade between Canada and Japan, according to Trade Commissioner James A. Langley, stationed at Kobe, Japan.

A proclamation by the governor-in-council here in an effort to get people of Canada to "contribute generously" to a Dominion-wide campaign for funds to be carried on on behalf of the Canadian Red Cross between May 24 and July 1.

Farmers in Illinois are ploughing at night in an effort to get ready for corn planting after a delay of nearly a month, caused by heavy rains. Tractors have been equipped with spotlights and many farmers are running them 24 hours a day.

The importation of potatoes into Canada from Europe, the Azores Islands, Canary Islands, Newfoundland, the islands of St. Pierre and Miquelon and the State of California, are prohibited under an order-in-council made public in the Canada Gazette.

Lieut. General Sir Herbert Unwin, member of a noted Nova Scotia family of soldiers, has been appointed to the office of lieutenant of the tower of London. Sir Herbert Unwin is 61 years old, the son of Col. C. J. Unwin, and was born in Nova Scotia. He entered the Royal Artillery when 19 years of age.

## Appetite Gone? Nervous? Why Wait for a Breakdown?

**Mrs. I. Hicks**

LONDON, Ont.—Dr. Pierce's Golden Medical Discovery is the tonic I took when in a weakened and rundown state of health and it strengthened me at once. My appetite improved and my nerves became normal. In fact I have felt so much improved in health since I took the "Medical Discovery" that I would never hesitate to recommend it to any other person who is in a debilitated and nervous condition. It is the only tonic I would ever take again if necessary."

—Mrs. I. Hicks, General Delivery.

Golden Medical Discovery is put up in Dr. Pierce's Laboratory in Brooklyn, N.Y., and sold by all druggists, in three tablets and liquid. Send Dr. Pierce the name of your druggist.

## Canadian War Claims Total Fifty Million

Commission Will Probably Pay Nine Millions for Losses

More than nine million dollars will probably be paid to Canadians for losses suffered during the great war. This sum, it is stated, represents the total amount approved for payment out of claims aggregating fifty million dollars, in an interim report prepared by James P. K. C. N. N. B. R. royal commissioner in investigating Canadian claims for war indemnity against Germany.

Approximately 1,487 awards have been made, while thirteen remaining cases remain to be reported upon by the commissioner. It is expected that this final report will be available in the near future.

A list of the number of successful claimants is being withheld until the whole question of payment of these claims is considered by a sub-committee of the cabinet. Little likelihood, however, that the amount of payment will be officially confirmed until the commissioner's final report is received. It is generally accepted, though, that this question will be before Parliament at its next session, which body alone, it is intimated, can finally authorize payment.

## Votes for Women

Arguments That Women Are Mentally Inferior to Men Are Answered

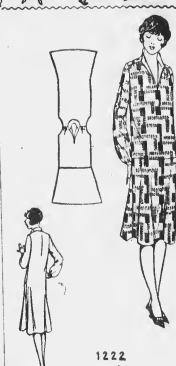

"Sir Wilfrid Laurier once told me that he wanted the vote for all women in Canada," said Prof. Carl Devick addressing a suffrage meeting in Montreal.

The argument that women were mentally inferior to men Prof. Devick answered from her vast knowledge. She showed that while there had been more men geniuses than women geniuses, there was the same preponderance of men who were insane and feeble-minded over mentally unbalanced women. Since genius was an abnormality, this meant that there was a greater proportion of women with the normal qualities needed in the everyday work of running a country.

**The Simple Frock Is By Far the Smartest Frock**

This pretty frock of brightly-printed crepe is appropriate for all day wear. Cut with a little standing collar opening back to form a V, it slips on over the head, and has a few gathers in the shoulders of the straight bodice, which accents the low waistline, where it joins the flaring skirt front. The back of the frock is plain, and the long sleeves gather into narrow wristbands. No. 1222 is for the miss and little woman and is in sizes 16, 18 and 20 years. Size 18 inches bust requires 4 1/2 yards 36-inch figured crepe. Price 29 cents.

The second of distinctive dress lines is a cord tunic rather than a lavish expenditure of money. Every woman should have one. It makes her clothes, and the home dressmaker will find the designs illustrated in our new Fashion Book to be practical and simple, yet maintaining the spirit of the mode of the moment. Price of the book 10 cents the copy.

## ADDED TO THE WHITE STAR LINE FLEET

The S.S. Calgarie, 16,603 tons, one of the two steamers recently added to the St. Lawrence fleet of the White Star Line Canadian Service.

The Calgarie will be a blinding light with Scotland because she will maintain a regular and direct service to Glasgow before completing her east-bound voyages at Liverpool.

The Calgarie has five decks including the boat deck. The public rooms are located on "A" deck which is glass enclosed thereby enabling passengers to enjoy daily exercise irrespective of the weather. The lounge, the smoke-room and the verandah deck are grouped on this promenade deck.

Another lounge and the gymnasium are on "B" deck, the accommodation on which also includes suites and a number of staterooms, all of which are equipped with beds.

## Women Score Success in Business

Saskatchewan Egg and Poultry Pool Reports Big Returns

When lovely women go into the egg and poultry business on a co-operative basis, more than may find their methods worthy of emulation. At the first annual meeting of the Saskatchewan Egg and Poultry Pool, the directors of which, except one, are all women, the report for the year's business showed a turnover valued at \$357,117. The Pool began business at the end of March, 1926. During the year it handled 11,938,747 dozen of eggs, and \$109,000 pounds of poultry.

At the close of the year the pool had paid up share capital amounting to \$12,374 and a reserve of \$7,700. The membership is approximately 15,000.

The Saskatchewan Co-operative Creameries, Ltd., Regina, is turning over its entire egg and poultry business to the Saskatchewan Co-operative Poultry Producers, Ltd., the registered name of the Egg and Poultry Pool. All the facilities of the creameries' association for assembling and handling eggs and poultry, including the equipment for feeding live poultry and dressing it for market, have been taken over by the Saskatchewan Egg and Poultry Pool. Arrangements have been made for the 52 local creameries to act as assembling and shipping agents for the Pool.

The Saskatchewan Egg and Poultry Pool was organized last year and its success has been largely due to the President, Mrs. Bertha Holmes, a farmer's wife of Assiniboia, Sask., and her co-directors.

## Cheap Electricity

Electricity is one item in the cost of living in Canada which is much cheaper now than in pre-war days. The Dominion Bureau of Statistics index number shows a reduction in the price of electricity for residence lighting of 21.3 per cent. from 1913 to 1926. Canada leads the world in the per capita distribution of electricity from central electric power stations.

Worms are encouraged by moist conditions of the stomach and intestines, and so subvert. Miller's Worm Powders will alter these conditions almost immediately and will sweep the worms away. No destructive parasite can live in contact with the medicine, which is not only a worm destroyer, but a health-giving tonic, doing most beneficial to the young.

Nell—'Why? Won't anybody have you?'

## CONSTIPATION

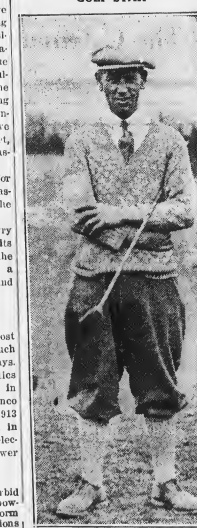

A cause of many ills. Harmful to elderly people. Get relief without gripping or nausea with Chamberlain's Tablets. Set your liver right—25c

## Meaning of "Passport"

"Pass" is the Latin for gate, the word turning into "port" in French the language of diplomacy, and, as it were, the international tongue for travelers. We have plenty of traces of it in our own English, as, for instance, in the word "portal." Passport originally, then, was "pass" port and meant "pass the gate," or in other words, a safe-conduct letter out of or into a country. Which is just what our modern passport really is.

French postal authorities have established a system of autograph telegrams, the signature of the sender being reproduced at the end of the message.

## GOLF STAR

When the British professional golfers come to Canada this summer, one member of the Canadian team chosen to meet them will probably be Jim Hiram, the popular pro of the famous Jasper Park Lodge course, Jasper National Park, Alberta. Announcement of the visit together with a list of the Canadian pro invited to play the British team has been made by B. L. Anderson, secretary of the Royal Canadian Golf Association. Hiram's name is included in the list.

Jim is a hard and accurate driver with either wood or iron and in the Old Country, where he was pro with the Boston Club of Cheahire he has two victories to his credit over the famous A. G. Havers. He won the professional championship of Alberta in 1926 and was runner-up in the Western Open, being beaten by another Canadian, National Rugby pro, Ned McKenna of the Minnola Lodge course.

## SUNDAY SCHOOL LESSON

MAT 22

## PETER HEALS THE LAME MAN

Golden Text: "In none other is there healing" for neither is there any other name under heaven, that is given among men, wherein we must be saved."—Acts 4:12.

Leviticus Acts 3:1 to 4:12.

Devotional Reading: Isaiah 53:1-6.

## Explanations and Comments

1. Peter Heals a Lame Man, Acts 3:10-12. Nine in the morning and three in the afternoon were the hours for sacrifice and prayer. It was the hour, or three in the afternoon, when Peter and John, the two apostles so often mentioned together in the Gospel narratives, went to the temple to pray. They observed the hours of prayer in the temple, for the only difference between the followers of Christ and other Jews was that they believed Jesus to be the Messiah. The realization that Christianity was meant to replace Judaism came to them very gradually.

There was always a place in the lives of the apostles for communion with God. Prayer had an "hour," a definite time and place in their program of living. Their Master had his hours of prayer. How well they knew the carved columns of the temple doors! He had been lame from birth, and was daily carried to the same spot to beg. Every one in Jerusalem must have known him well. "He was part of the city," said the people who knew him well. They knew the carved columns of the temple doors!

There was a close connection between religion and philanthropy. Church doors are the great gifts. The gift of God finds expression in love to man.

The man was not expecting alms from every passer-by, and he probably glanced indifferently at Peter and John. To reveal his attention upon him, Peter said to him, "Look on me." And the beggar gave heed to them. Then said Peter, "Silver and gold have I none."

He is the poor man who can say, "Only silver and gold have I none." "That what I have, that I give to thee," added Peter. You remember the story told by Targum of the Russian who put his hands in his pockets and found nothing there, "I am sorry, brother; I have nothing to give you, brother." And the beggar, touched by the word, replied, "That too, was a gift, brother."

## To Increase Elevator Facilities

Plans Made to Increase Facilities All Over Prairies

The conviction that the grain crops of western Canada during the next decade will attain new high levels is being held in grain exchange circles as well as in the headquarters of the Canadian Wheat Pool. As a result, provision plans have been made to increase the elevator facilities all over the prairies. The big railway construction program is also related to the requirements in this connection.

Forecast in the construction activity of the Saskatchewan Wheat pool, the board of directors of which decided at their recent meeting to build or acquire elevators at 57 additional points. This will bring the number of elevators owned by the Saskatchewan organization up to the total of 611. The Pool has already decided at which points elevators are to be placed. At no centres will structures be built where the average deliveries during the past two years have been less than \$5,000 bushels.

The United Grain Growers' Limited has also an extensive program of elevator construction. At ten centres in Alberta new structures are now being built. Under lease the company is still operating elevators which the Manitoba Government still owns, and new elevators are to be built at some of these points. A number of new elevators are to be erected in Alberta during the present year.

## Paid to Change Name

Because of the great number of Andersons and Petersons in the Stockholm, the Swedish postal department has suggested a government premium to those who will agree to change their names. The Andersons alone occupy 25 pages of the Stockholm directory.

Worms feed upon the vitality of children and endanger their lives. A simple and effective remedy is Mother's Own Worm Expeller.

## Livestock Feeding Station

The Live Stock Producers of Canada have taken an option on a 22-acre site at Saskatoon on which it is proposed to establish a live stock feeding station. The station, where they feed several thousand head of cattle every winter.

With shifting scenes many a pretended friend shows up as an enemy.

A German biologist says orang-outangs can sing. We know it. We have a radio, too.

Keep Minard's Liniment in the house.

## Firestone

Dips the Cords of the Carcass in a Rubber Solution!

Here you see one of the cords, highly magnified, from a Firestone Tire carcass. The end is unraveled into 15 smaller cords, composed of millions of cotton fibers. Firestone dips all the cords in a rubber solution. Every fiber is saturated and insulated with rubber, adding great strength and enabling the cords to flex with minimum friction.

Go to your nearest Firestone Dealer to-day. He will provide these "Better Tires" along with helpful service, which means extra mileage, safety and comfort.

FIRESTONE TIRE & RUBBER CO. OF CANADA LIMITED

Hamilton, Ontario

MOST MILES PER DOLLAR

Firestone Builds the Only Gum-Dipped Tires

Cheapest is Not Best

Men Find Paying Low Wages is Poor Economy

Not long ago a business man studied the transportation of goods from Tientsin, China, to the desert of Gobi. Coaches carried all his merchandise, moving mile after mile as a steady, space-devouring trot, and working for only a few cents a day—probably the lowest wages received by any laborers on earth. On the other side of the world here freight trains carry coal from the mines down to tide-water. There are many miles of costly track. There are highly expensive locomotives and cars to be built and maintained; there are crews of well-paid trainmen to operate them. There has been a tremendous investment of capital, as opposed to almost no investment at all on the Tientsin route. Yet the cost per ton of transporting goods in the American coal fields is just about one per cent. of the cost of the "cheap" Chinese transportation. Besides men and machinery have forever exploded the old belief that it is economical to have vast armies of poorly paid, hard-working "wage slaves" to do the work.

A man has no right to stone his wife, but he may rack his baby.

## Could Not Sleep Heart and Nerves Were So Bad

Mr. Geo. Meek, Windsor, Ont., writes: "I suffered with my heart and nerves and could not sleep at night for weeks in my head. I managed to keep at my work somehow, until I began to have dizzy spells which got so bad I could not go to work. I was afraid to go out any place, for very often I would stagger on my feet, and everything in front of me would turn black and fade away. While I was home sick a friend told me to take

## EDITORIAL NOTES

The Calgary School Board regulates the yearly salary increases for its teaching staff according to the grading the teachers receive from Superintendent and Inspectors. Eighty-nine of these teachers graded "excellent", 155 good, 19 fairly good, and 1 fair. A teacher must at least be "good" to receive any increase at all. This is a policy that might well be adopted by the Coleman School Board.

The local police have been getting after a number of "speak-easy" joints in town during the past few weeks, and the proprietors have been muddled stiff fines in several instances. This "clean-up" campaign in Coleman is indeed timely, and this action on the part of the authorities will have the endorsement of all law-abiding citizens.

When the smart salesman offers stock paying 100 per cent. a year, it seems strange he does not borrow money at 8 per cent. and get rich on it himself.

Everybody in Coleman should help to make the Diamond Jubilee Celebration an unqualified success.

A lot of people in this world are against a thing merely because they dislike some person who is for it

## "Sixty Years of Canadian Progress, 1867-1927"

The Journal this week received a complimentary copy of a handbook issued by the Dominion Government entitled, "Sixty Years of Canadian Progress." This book deals exhaustively with the advancement made in Canada during the period from 1867-1927, and also contains much valuable information about the political history prior to and following Confederation. It is profusely illustrated and is replete with statistical data showing the growth of all our chief industries.

Every Canadian home should have a copy of this splendid historical and industrial record. The handbook is being distributed by the National Diamond Jubilee Committee, Ottawa, for the small sum of ten cents.

## Montreal Is Premier Grain Shipping Port.

Montreal may continue to claim the distinction of being the premier grain shipping port of the American continent. Last year 135,000,000 bushels of grain were loaded in Montreal into vessels bound for overseas markets. New York came next with 75,465,000 bushels. Galveston, Texas, was third with 31,203,000 bushels, and Baltimore fourth, with 20,314,000 bushels. The port authorities at Montreal say that had it not been for the prolonged coal strike in Great Britain in 1926, the grain shipment from the St. Lawrence river port would have been very much larger. Montreal is now rated the largest inland port in the world.

## TRY THIS COMMUNITY FIRST.

The slogan of every citizen who wants to see this section of the district progress should be "Try this Community First." It is the community spirit that brings the citizenship closer together and elimin-

ates the lines drawn by cliques. To accomplish anything for the good of the community a sentiment in favor of the proposed project must be created and it is easy to create this sentiment if the proper community spirit prevails. The main object of this life should be to make the world a better place in which to live, but this cannot be accomplished with a citizenship pulling in different directions. The lesser differences should be forgotten when a project is put forth whereby the entire community will prosper and be benefited. If every citizen of the community would get together and eliminate minor prejudices, work with but one object in view, and that to make this the best community to the present generation, that would live through the ages and be an inspiration for future generations to continue the good work.—Cranbrook Herald.

## Nurses the Back Bone of Public Health, Says Dr. Routley

"The well trained nurse is the backbone of public health," said Dr. F. W. Routley, Director of the Ontario Division of the Canadian Red Cross Society, recently, when addressing the Women's Canadian Club in London. "She is the link between the scientific processes of public health measures and the public that has to use them." He then told of the public health nursing courses which are now established in six Canadian Universities through the efforts of the Canadian Red Cross; of the institution of travelling tuberculosis clinics; of the nation-wide instruction in home nursing classes through which, in the past four years, over 11,000 women have received this valuable training and he expressed the opinion that in a few years' time this study would be added to the ordinary school curriculum for girls.

In speaking of the Outpost hospitals, so many of which are now being operated by the Red Cross throughout the frontier portions of the Dominion, Dr. Routley paid tribute to the magnificent services of the nurses in these institutions and referred to the need for health education of school children through the Junior Red Cross or other agency because, "the production of a health conscience in every child in Canada would go a long way toward wiping out the worst of our preventable diseases."

## To Hear Coal Rates Case On June 7th.

OTTAWA, May 13.—The long delayed investigation of the transportation costs of eastbound Alberta coal will open in Ottawa on June 7. Early in 1926 the government issued instructions to the railway commission to proceed at the earliest opportunity with an investigation of the cost of moving coal from Alberta to Central Ontario. The general freight rates inquiry, however, took precedence in the schedule of business before the commission and the length of the hearing made necessary the postponement of the coal case until the present time. The question of coal rates dropped to several times during the general rates case, but will be dealt with as a separate matter during June.

The real "danger line" isn't on the teeth; it's the line that comes off the tongue.

## Memorial to Major-Gen.

L. J. Lipsitt, C.B., C.M.G.

It is proposed to erect a stained glass window in All Saints Church, Winnipeg, to the memory of Major-General Louis J. Lipsitt, C.B., C.M.G., original commander of the Eighth Battalion, C.E.F., and later general officer commanding the 2nd Canadian Infantry Brigade and 3rd Canadian Division, who was killed in action September, 1918, during the last year of the Great War.

If there are any Great War veterans in Coleman or district who served under General Lipsitt, and if they wish to subscribe to the memorial, they should get in touch with Mr. W. L. Rippon of the Bank of Commerce here, who will be pleased to receive their subscription.

OLAV FARSTAD  
The famous Norwegian swimmer, who swam for Canada on the Canadian Pacific liner, Empress of France, to take part in the swimming marathons which are to be held in this country during the summer. Farstad is a powerful swimmer, and has won the championship of Norway since 1919. Last year he attempted to swim the English channel without the usual goggles and grease, but had to retire when within one mile of victory.

To those who regard a car as an

## Investment

McLAUGHLIN-BUICK enjoys the largest measure of public confidence and popular acceptance ever accorded any fine car because McLaughlin-Buick represents the safest investment, the firmest security and the highest return.

The buyer of a McLaughlin-Buick consciously invests his money in more miles of transportation, in greater comfort and luxury, in more satisfying performance, in absolute dependability. Such phenomenal advances as the McLaughlin-Buick Engine, Vibrationless beyond belief—Torque Tube Drive—Mechanical Four-Wheel Brakes—Sealed Chassis—Vacuum-cleaned Crankcase—are evidences of the firm determination to keep McLaughlin-Buick always the standard by which automobile investment values are judged.

Those who regard a car from an investment standpoint should first consider McLaughlin-Buick, not merely its quality and beauty today, but its lasting dividends of undiminished satisfaction.

## Australia's New Capital

The temporary parliament building of Australia was formally opened last Monday by the Duke of York. This was the chief purpose of the duke's tour. The city of Canberra now becomes the federal capital of Australia. The site was selected in 1908, and the city has been built according to carefully considered plans. The temporary parliament building cost \$2,500,000, and will probably serve its purpose for many years before another is erected. Hon. Ernest Lapointe represented Canada at the opening ceremonies, and planted a maple tree on the capitol grounds.

Pincher Creek is in the throes of a school war, Huttenrites vs. Albertans. Seeing that the Huttenrites have been "exempted" from military service they ought to be "drafted" to our national schools. Alberta should not allow a third school faction to grow up in this province, two is plenty.

## Local and General Briefs.

Miss Hilda Fairhurst, of the Galt hospital, Lethbridge, arrived in Coleman on Friday last and is spending her vacation with her parents, Mr and Mrs. Jas. Fairhurst, 6th street.

Mr. Granville Greenhalgh had a narrow escape from death last Saturday morning, when the five ton rock car at the International surface dump left the track and toppled over on him. Fortunately he escaped with several severe cuts and bruises to his chest and legs. He was taken to the local hospital where his injuries received immediate attention and he is reported to be making good progress towards recovery.

Dr. D. A. McLeod is leaving this week-end for Edmonton to attend the annual convention of the Dental Association of Western Canada, which will be in session in the Capitol City all next week. Dr. McLeod's office in Coleman will be closed all next week.

The Misses Phyllis and Irene Foster, who have been spending their vacation with Mrs. K. Foster, returned last Friday to resume their duties at the Galt hospital, Lethbridge.

Mr J. M. Henderson, registered optometrist of Lethbridge, who for many years had charge of the optical department of Wright's jewelry store in Lethbridge, will be at G.R. Powell's store, Coleman, on Friday of this week. Free consultation, glasses fitted if required, and satisfaction guaranteed.

Mr. Fred Cole met with an accident while working at the International tippie on Monday of this week when he was caught in a conveyor belt. His clothing was torn off and his body badly bruised although no bones were broken. He is now making good progress towards a speedy recovery at the Mines' hospital.

See the big feature film at the Palace and Grand on Saturday night. "The Beloved Rogue," with John Barrymore in the leading role.

The Pythian Sisters are holding a Pantry Sale, whist drive and dance on Saturday, June 11th.

The Coleman Garage, Limited, sold a new Pontiac Landau to Mr. David Curry, of Bellevue, last week.

George F. Dippie, of the firm of Mackay & Dippie, Calgary, was the fortunate winner of the Shrine model home, raffled off by the Shriners of Calgary last week. Many Coleman people bought tickets for this raffle. The proceeds of the raffle will be devoted to charities conducted by the Shriners.
